Woodturning Taster and Center Tour

Since it is not easy to feel the value of traditional craft by just looking, you can try your hand at woodturning under the tutelage of Yamazaki Lacquerware’s artisan. You can also take a tour of the Center.

### Institute floor plan

1. **Woodturning observation area**
   - Our institute is the only training center in Japan where disciplines in woodturning and lacquerware are taught. On weekdays, you can see through the windowilled room, a training woodturning tools.

2. **Woodturning studio (Woodturning experience)**
   - Advance booking is a must.
   - Although handling the tools is tricky with woodturning, you can get a taste of it by using the lathe under expert instructions.

3. **Rental studios**
   - The studios are for supporting the independence of young woodturners. In each studio, you have a lathe, and you can observe woodturning work through the glass window.
   - These rules hold or some cases the studios are not in use.
